COMMAND SCRIPT INSTRUMENTATION FOR
LOGGING COMMAND EXECUTION AND
THE PROTECTION OF SENSITIVE INFORMATION

5

ABSTRACT OF THE DISCLOSURE

The invention provides a method of command script instrumentation for clear logging of command execution and the protection of sensitive information.

10   The method comprises defining a common log file, writing at least one command of a command script to the common log file, writing parameters of each logged command to the common log file, and providing a parallel command string or parameter in place of one containing sensitive information.
